Über die Messe

Thessaloniki Book Fair a dynamic presence in the heart of the Mediterranean - The Thessaloniki Book Fair opened in May 2004 and set a new objective: to place Greece on the map of the international book fairs by creating a new keystone of cultural and commercial exchanges in the field of global publishing production. A new perspective for the Greek book was born in Thessaloniki, the heart of the Balkans, the crossroad of the West and the East. The most important Greek annual meeting regarding books, gathers every year hundreds of: publishers, writers, translators, literary agents, journalists, booksellers, librarians, academics, institutions, bodies and organizations for the book from Greece, the Balkans, Western Europe, South-Eastern Mediterranean and the whole world.
