Über die Messe

IMTEX FORMING is an event for the Indian Metal Forming Industry. It is South and South-East Asia's apex exhibition showcasing the very latest trends in metal forming machine tools as well as technological refinements from India & other global players. The mega event attracts visitors from a wide spectrum of manufacturing and ancillary industries starting with key decision and policy makers as well as industry captains who are keen to source latest technologies and manufacturing solutions for their production lines. IMTEX FORMING has come to symbolise as a one-stop forum where customers can experience 'live' display of the products enabling them in the decision making process to enhance their manufacturing capabilities.
