Über die Messe

MACHINE BUILDING is the leader among the eleven specialized exhibitions within the framework of the International Technical Fair with the biggest number of companies involved. According to polls they exhibit at the most representative Bulgarian forum of investment goods and technologies because of its prestige, tradition, commercial efficiency, size and large number of visitors. These factors make the exhibition the most suitable place for manifestation of the entrepreneurs in the field of Machine Building and Metallurgy. It is also a center, preferred by experts for information and know-how.
