Über die Messe

Melbourne's boutique professional beauty show. Beauty Expo Melbourne brings together Victoria's beauty professionals and provides them with a unique platform to connect with key innovators and suppliers within the industry in a boutique and intimate environment. As Victoria's only independent beauty trade event, Beauty Expo Melbourne offers those within the industry the opportunity to network and engage with their peers, to connect, sell, source and shop new and leading exhibitor brands, and most importantly the chance to learn from the industry's experts through innovative education. New in 2017, Beauty Expo Melbourne will be hosting Hair Expo Pop Up – an exciting new event for the hair professionals of Victoria that provides innovation and inspiration in an electric and edgy live environment.
