Über die Messe

Where SUSTAINABILITY becomes your PROFIT POWER Source - The Energy Expo is the only event in the United States providing access to the ever-growing, non-stoppable green, renewable and sustainable markets for ALL the Americas. This annual, well-established, business-to-business event is one-of-a-kind and grows bigger and better every year. With its unique marketing mix (USA + Latin America & the Caribbean), MiaGreen has developed as the one-stop, all-inclusive, interactive conference and marketplace for SUSTAINABILITY, combining a major trade show with front edge extensive educational and networking programs.
