#### Über die Messe

The Fire Safety Event at the NEC will deliver a powerful combination of senior decision makers and purchase influencers from across the UK's business sectors. Co-located with The Health & Safety Event and The Facilities Event, the shows attract thousands of professionals actively looking for fire, safety and security solutions. Since its launch, Western Business Exhibitions have been in close consultation with key stakeholders and delegates from the fire safety industry and regularly receives input from industry professionals both suppliers and end-users. An event built for the industry, by the industry.
