#### About the expo

The Libramont agricultural, forestry and agri-food fair is a huge open-air exhibition that welcomes more than 200,000 visitors, along with 1,800 exhibitors and brands, on a site covering 300,000 sqm every year. It is an outstanding showcase for the rural world, which it presents from many different angles: machinery, livestock breeding, forestry, the agri-food industry, horticulture, research, education and culture. It is a "green" fair, thanks to its sustainable management. Attention focuses on recycling, re-vegetation of the site and renewable energy. These approaches make this event unequalled throughout Europe.
